NOTIFICATION

PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN

No. 2.—(1) In connexion with the admission of candidates to the Prince of Wales' Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates.

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter the Cadet Colleges in England with a view to obtaining Commissions in the Indian Army. It is intended for those who wish to make the Army their profession in life. The course of study at the College will, however, be such that, should a boy fail in the Army and Air Force Entrance Examination, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India ;

(b) Indian States.

Nominations will be made by His Excellency the Commander in Chief on the recommendations of the Local Government or Administration or the Political Officer, as the case may be.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 22nd February 1932.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with the Appendix A to this notification.

(5) The fees will be Rs. 1,800 for each school year and are liable to enhancement hereafter, if circumstances so required. The fees payable by candidates who are sons of Indian officers of good service will be determined by His Excellency the Commander-in-Chief in each particular case. These

fees will include tuition, messing, school servants, washing and mending and medical attendance of the ordinary kind, and, as initial provision, one suit of the uniform to be worn by students when at the College.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the College authorities, on his entering the College, the sum of Rs. 50 which will be returned when the cadet finally leaves the College provided that all dues have been paid.

In the event of it becoming necessary for cadets to be admitted into a civil hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration.

(6) Entry to the College will not be open to candidates who are already married.

(7) Parents or guardians of candidates are required to attach to the applications a declaration in the following form :—

"I, _____ father / guardian of _____, a candidate for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, declare that it is my desire that my son / ward should make the Army his profession in life.

"I, _____ father / guardian of _____, a candidate for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, having made myself acquainted with the fees payable at Dehra Dun, and, subsequently, at the Cadet Colleges in England (vide paragraph 67 of 'Provisional Regulations respecting admission of Indian gentlemen to the Royal Military Academy, Woolwich the Royal Military College, Sandhurst, and the Royal Air Force Cadet College, Cranwell', as reconstructed by Amendment No. 4 of February 1931), am able and willing to pay the prescribed fees and meet the incidental expenses.

I also understand that in the event of my son / ward not adopting the Indian Army as his profession for reasons *within his control or mine*, I shall be required to pay the full cost which Government may have incurred on his education at the said college.

"I, _____ father / guardian of _____, a candidate for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, hereby declare that my son / ward is unmarried and that he will remain a bachelor whilst at the College and until he has completed, subsequently, a course at one of the Cadet Colleges in England.

Signature of parent or guardian _____"

(8) One general mess will be maintained. All students will be required to mess together. Special care will be taken that no food is served in the mess which could in any way offend the religious susceptibilities of any student.

(9) All applications should be submitted to the Private Secretary to His Excellency the Governor at Madras, Madras Governor's Camp, not later than the 10th November 1931 in the form below. No applications received after the 10th November 1931 will be considered.

FORM OF APPLICATION.

1. Name in full. (*To be typewritten or hand printed.*)
2. Date of birth. (*This must be definitely stated and supported by documentary evidence.*)
3. Name, occupation and address of father or guardian.
4. Caste or tribe.
5. Permanent address in India.
6. Brief resume of military service rendered by candidate's father and near relatives and statement of his father's financial position. (Required only in the case of the sons of Indian Officers.)
7. Medical report.

Place _____

Date _____

Signature of Candidate.

(10) Candidates are informed that no travelling allowance is admissible in the event of their being summoned to Madras or Ootacamund, as the case may be, for the purpose of interviewing His Excellency the Governor.

(11) Detailed information regarding the aim and scope of the course of training and the rules to be observed by parents and guardians of cadets nominated to join the College are contained in the pamphlet entitled "Regulations for the Prince of Wales' Royal Indian Military College, Dehra Dun."

Copies of the above Regulations and of the Provisional Regulations respecting admission of Indian gentlemen to the Royal Military Academy, Woolwich, the Royal Military College, Sandhurst, and the Royal Air Force Cadet College, Cranwell, mentioned in paragraph 7 above, can be had from the Manager, Central Publication Branch, 8, Hastings Street, Calcutta, price annas 2 and 4 per copy, respectively.

APPENDIX A.

Information respecting the medical examination of candidates for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun

1. The medical examinations of candidates for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, should invariably be made by—

(a) the Officer Commanding a British or Indian Station Hospital, or failing (a),

(b) a Civil Surgeon.

2. A standard for height and chest measurements and physical development cannot be laid down, but the candidate should not be below the average for his age and race.

3. The standard of the minimum of acuteness of vision with which a candidate will be considered fit is—

Better eye.

Distant vision V = 6/6.
Near vision reads 0·6.

Worse eye.

Distant vision not below 6/60.
After correction with glasses not below 6/18.
Near vision reads 0·6.
Snellen's types should be used.
Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lid of either eye liable to the risk of aggravation or recurrence will cause the rejection of the candidate

Each eye will be examined separately The candidate will be required to read the tests in ordinary daylight.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed

No relaxation of the standard of vision will be allowed

4. The following additional points will then be observed :—

(a) That his hearing is good.

(b) That his speech is without impediment

(c) That his teeth are in good order He must have nine (9) sound teeth in the upper jaw functionally opposed to nine (9) sound teeth in the lower jaw Two of these teeth in each jaw must be molars. Well filled teeth will be considered as sound.

(d) That his chest is well formed and that his lungs and heart are sound.

(e) That he is not ruptured

(f) That he does not suffer to a fair degree of varicocele or varicose veins. A candidate who has been successfully operated on will be accepted.

(g) That his limbs are well formed and developed.

(h) That there is free and perfect motion of all the joints,

(i) That his feet and toes are well formed,

(k) That he does not suffer from any inveterate skin disease,

(l) That he has no congenital malformation or defect.

(m) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution,

(n) That the candidate's age is as near as possible correctly stated.

A. D. CROMBIE,
Private Secretary to His Excellency the Governor.

NOTIFICATIONS.

Fort St. George, October 7, 1931
(G.O. Ms. No. 1461, Development).

No. 349.—In exercise of the powers conferred by clause (a) of sub-section (1) of section 3 of the Madras Agricultural Pests and Diseases Act, 1919, as amended by Madras Act VII of 1925, the Government of Madras (Ministry of Public Works) hereby declare that the plant known as 'Water Hyacinth' (Eichorina speciosa knoth) is a 'noxious weed'.

2. Under clauses (*b*) and (*c*) of sub section (1) of section 3 of the Act, the Government of Madras (Ministry of Public Works), prohibit the transport of this weed from one village to another, or its transplantation from one water source or receptacle to another within the limits of Kuthuri, Edakkad kasba and Beypore amsams of Calicut taluk, Malabar district, for a period of one year from 1st November 1931 and direct that the weed wherever found in the said area be killed.

No. 350.—In exercise of the powers conferred by section 21, clause (a) of the Madras Agricultural Pests and Diseases Act, 1919, the Government (Ministry of Public Works), hereby declare that in respect of the plant known as water hyacinth, the word 'plant' shall include the 'seed of the plant'.

No. 351.—In connexion with the destruction of the water hyacinth in the area specified above the following are appointed inspecting officers under section 19 of the Madras Agricultural Pests and Diseases Act of 1919, as amended by Madras Act VII of 1925 :—

Revenue Inspectors, Minor Irrigation Overseers, Supervisors and Overseers of Public Works and Overseers and Sub-Overseers of the Local Fund Department and Sanitary Inspectors and Overseers attached to the municipalities in the area specified above.

2. Under section 21 (*f*) of the above-said Act, the Government (Ministry of Public Works) are pleased to direct that appeals under section 6 of the Act shall lie to the Tahsildar or Deputy Tahsildar in independent charge having jurisdiction over the water sources or premises concerned.

ANNEXURE I.

1. The fact of the publication of the notification enforcing the provisions of the Madras Agricultural and Pests and Diseases Act III, 1919, as amended by Act VII of 1925, in respect of water hyacinth should be made known to the public by best of tom-tom in the areas concerned. The leaflet prepared by the Director of Agriculture on the water hyacinth should be published in English and the vernacular in the village sheet of the district gazette. Spare copies of the leaflet should be distributed to the agricultural associations and the chief land-owners in the tracts and posted in the village chavadis and other prominent places.

2. The period [to be specified by the inspecting officer in the notice issued under section 6 (1)] within which the occupier shall carry out the remedial or preventive measures will be left to the discretion of Tahsildars (or Deputy Tahsildars in independent charge) who should give general or special instructions to inspecting officers, subject to the condition that in no case should the period allowed exceed eleven days.

3. Appeals under the Act are subject to the usual stamp duty of 12 annas. The Collector should add a note to this effect at the foot of the rules issued under section 21 of the Act.

4. In order to enable inspecting officers to meet the cost of remedial or preventive measures carried out under the Act, each inspecting officer shall be given a permanent advance of Rs. 25.

5. Instructions regarding the procedure to be adopted in the issue and recoupment of permanent advance are printed in Annexure II.

ANNEXURE II.

1. The advances required by the inspecting officers to carry on the remedial measures may be drawn by them in the form for 'Bill for Miscellaneous payments' countersigned by the Tahsildar or Deputy Tahsildar in independent charge. The charges incurred should be debited to Advances repayable—Special advances—Advances for the destruction of Agricultural Pests and Diseases Madras Act III of 1919.

2. Tahsildars and Deputy Tahsildars will maintain a register in Form A showing separately the advances drawn by each inspecting officer specifying the particulars for which the advances were sanctioned. In this register particulars of recoveries effected should also be noted, the required information being obtained from the Treasury Officer. They will also be responsible for the adjustment of all such advances drawn from the treasury. The Tahsildars and Deputy Tahsildars who draw allowances should submit an abstract from their registers to the Collector's office in Form C.

3. Each inspecting officer should also in his turn keep a register in Form B showing all advances drawn by him, the demand issued and the recoveries effected, the last information being obtained from the Treasury Officer.

4. As the work in each area progresses the inspecting officer will submit to the Tahsildar or Deputy Tahsildar vouchers in support of the expenditure incurred by him and on its completion he will refund any unexpended balance. Amounts refunded will be treated as abatement of charges under the advance amount concerned.

5. All recoveries on account of the remedial measures carried by the Government should be credited as receipts under the advance head concerned (i.e.) Advances repayable—Special advances—Advances for the destruction of Agricultural Pests and Diseases Madras Act III of 1919.

6. Fines realised under section 14 as well as those realised under section 15 should be credited to XVI A, Law and Justice—Courts of Law—General, fees, fines and forfeiture.

7. Remittances of amounts recovered by village officers should be specifically described in the chalans as "Recovery of advances for the destruction of Agricultural Pests and Diseases Madras Act III of 1919."

No. 364.—The following notification of the Government of India is republished :—

DEPARTMENT OF EDUCATION, HEALTH AND LANDS

Simla, the 1st October 1931.

No. 1551-Agri.—In exercise of the powers conferred by sub-section (1) of section 3 of the Destructive Insects and Pests Act, 1914 (II of 1914), hereinafter referred to as the said Act, and in supersession of the notifications of the Government of India in the Department of Education,

Health and Lands, Nos. 1693, dated the 14th November 1925, and 1661, dated the 26th November 1925, and of all notifications standing the same, the Governor-General in Council is pleased to issue the following order for the purpose of regulating the import into British India of American cotton :—

(i) "Cotton" includes ginned cotton and droppings, strippings, fly and other waste products of a cotton mill other than yarn waste, but does not include cotton seed or unginned cotton.

(ii) "American Cotton" means all cotton produced in any part of America.

(iii) "Bale" means any pressed package of cotton of whatever size or density.

(iv) "Square bale" means a bale of weight exceeding 270 lb.

(v) "Round bale" means a bale of a weight not exceeding 270 lb

2. American cotton shall not be imported into British India by means of the letter or sample post or as passengers' accompanied luggage and shall not be imported by any other means save through the port of Bombay and subject to the following conditions :—

(a) On or before the departure of a ship carrying a consignment of American cotton for Bombay from the port from which the cotton is consigned, the consignee shall ascertain the name of the ship, the probable date of its arrival in Bombay, and the number of square and round bales of American cotton contained in the consignment, and shall furnish this information to the Docks Manager of the Bombay Port Trust not less than fourteen days before the arrival of the ship at Bombay : provided that where the cotton is loaded for Bombay at Port Said or at a European port, the ordinary length of voyage from which is less than three weeks, it shall be sufficient to furnish the information not less than ten days before the arrival of the ship at Bombay ;

(b) on arrival at Bombay, the cotton shall be disinfected in such manner as shall be prescribed in rules made by the Government of Bombay under section 6 of the said Act ;

(c) prior to landing the cotton the importer shall pay or agree to pay a sum at the rate hereinafter provided, which shall cover the cost of fumigation, including the cost of loading the cotton into the barge, conveyance to the fumigation wharf or bunder, unloading from the barge after fumigation and delivery at the bunder, but not including docks import charges as specified in the Bombay Port Trust Scale of Rates charged at the docks :

Provided that samples of American cotton imported by parcel post or as ship's parcels, not exceeding 20 lb. each in weight, shall be fumigated free of cost :

Provided further that the Docks Manager of the Bombay Port Trust may, in accordance with any general or special orders of the Governor-General in Council for the time being in force, remit or refund, in whole or in part, any sum which under this order is payable or has been paid on any consignment of American cotton ;

(d) no vessel shall discharge American cotton during a period of rain, mist or drizzle.

3. The rate referred to in clause (c) of paragraph 2 shall be Rs 3-1-0 per square bale and Rs. 1-13-3 per round bale or, in cases in which the importer has failed to furnish information in accordance with clause (a) of paragraph 2, Rs 5-1-0 per square bale and Rs. 3-13-0 per round bale :

Provided as follows—

(i) when cotton is landed at the special American cotton wharf in the Bombay Docks, the rate shall be Rs 3-12-0 per square bale and Rs. 2-6-6 per round bale or, in cases in which the importer has failed to furnish information in accordance with clause (a) of paragraph 2, Rs 5-12-0 per square bale and Rs. 4-8-0 per round bale,

(ii) the minimum fee for the fumigation of any cotton imported at any one time on a single ship shall be rupees one hundred and fifty, and when such minimum fee is leviable, it shall, if there is more than one consignee be distributed among the consignees in proportion to the amount of their respective consignments,

(iii) for sample bales of American cotton not exceeding six in number in any one consignment imported for testing purposes, the rate shall be at Rs. 10 per bale.

No. 713.—An application has been made by the Tinnevelly-Tuticorin Electric Supply Company Limited, the licensee under the Tuticorin-Tinnevelly Electric Licence, 1930, for the grant of powers of the Telegraph authority for laying a high tension line from Tinnevelly to Pettai. The Government propose to confer upon the applicants the powers which the Telegraph authority possesses under sections 10 to 12 and 19-A of the Indian Telegraph Act, 1885, subject to the following conditions :—

(1) The electric lines shall be run in a straight line as far as possible along the route shown in blue print No 113

(2) No distribution shall be effected from the electric line.

(3) The telegraph and telephone lines crossing the power line shall be efficiently guarded to the satisfaction of the Telegraph authority and the

Electrical Inspector to Government, and all such crossings shall be at right angles or as nearly at right angles as practicable.

(4) In all cases where the telegraph and telephone lines are diverted or altered at the request of the licensees, the cost of such diversion or alteration shall be borne by them.

2 Every local authority, company, or person desirous of making any representation with reference to the above may do so by letter addressed to the Secretary to Government, Public Works and Labour Department, within one month from the date of publication of this notification in the Gazette. Blue print No. 113 showing the route of the transmission line may be inspected at the office of the licensees—Post Box No. 111, Mercantile Bank Buildings, Madras.

DRAFT RULES.

PART I.

Rules for building site.

1. No piece of land shall be used as a building site if the council considers that the site is insanitary or that it is dangerous to construct a building thereon.

2. If the building is to abut on a street, the site shall be of such a shape that the face of the building can be made parallel to the line of the street, or as nearly parallel to such line as the council may permit.

3. If the site is within 30 feet of a tank, well, river or fresh water channel, its approval for building shall be subject to the condition that the person building on it shall carry out such measures as the chairman may direct, for the purpose of preventing any risk of the drainage from such building passing into such tank, well, river or fresh water channel.

4. No site shall be used for the construction of a public building, a dwelling house or a hut if in the opinion of the council it is damp or badly drained or incapable of being well drained.

5. No site shall be used for the construction of a building intended for public worship if in the opinion of the Collector of the district, the construction of the building thereon will wound the religious feelings of any class of persons.

Provided that an appeal shall lie from the Collector's opinion to the Local Government who may issue such orders as they may deem fit.

6. If the building is to be constructed on a site excavated wholly or partly out of the side of a hill, the applicant shall produce a certificate from such officer as the Local Government may appoint in this behalf, that the measures proposed to be taken in connexion with the site and the buildings are sufficient to prevent risk of injury to person or property.

PART II.

Building rules.

(i) Buildings generally.

7. The plinth and lowest floor and courtyard of every building, whether new or reconstructed from the lowest floor level, shall in the case of plinths and floor be not less than 1 foot 6 inches and in the case of courtyards, stables and cow-sheds not less than 1 foot above the level of the centre of the nearest road or of such greater height as may be considered by the chairman, municipal council, to be necessary to permit of the building and courtyard being effectively drained and the drainage being led into an existing or proposed public drain.

This rule shall not apply to a cellar intended for storage and constructed in dry soil or in such manner as to be impervious to water.

8. No building above the lowest floor-level of the main building, except a boundary-wall not more than five feet high above the level of the centre of the street, shall be built within four feet of the street-alignment or in the space between a building-line prescribed under section 156 and the street-alignment.

9. In the case of conservancy lanes, no building except a latrine or a boundary-wall not exceeding eight feet in height above the centre of the lane shall be permitted within ten feet of the edge of the lane.

10. (1) No septic tank latrine, septic tank, or other work for the purification or disposal of sewage shall be constructed or reconstructed, unless and until the Sanitary Engineer to Government and the Director of Public Health have certified that the construction or reconstruction of the work is unobjectionable.

(2) (*a*) Every application for the certificate referred to in sub-rule (1) shall be submitted, in municipalities where there is a health officer, through the health officer and the chairman of the municipal council, and in other municipalities, through the chairman. The application shall, in all cases, be accompanied by a statement with plans and estimates clearly explaining the proposed work.

(*b*) When the application is sent through the health officer, he shall examine and submit the same with his report thereon to the chairman.

(*c*) The application with the statement, plans and estimates shall be forwarded by the chairman with his remarks to the Sanitary Engineer to Government.

(*d*) The Sanitary Engineer to Government shall forward the papers with his recommendations to the Director of Public Health, who shall examine and return the same to the applicant through the chairman giving or withholding the certificate as the case may be for the execution of the work.

(ii) Buildings other than huts generally.

11. All rain water falling on the flat or roof, and any sullage water from an upper storey, of any building other than a hut shall be carried to the ground level by means of gutters or pipes provided for such purposes and such water shall be led therefrom into the municipal drains where such exist.

12. The foundation of buildings other than huts for the construction or reconstruction of which applications are made under section 197 shall rest on natural ground.

13. The spread of the foundation shall be such that the pressure on the soil, taking into account the load on the floors and terrace roof (if any) shall not in any case exceed the maximum laid down in Schedule A to these rules.

14. The depths of the foundation shall be such as the chairman may approve.

15. The walls of every building shall be constructed upon proper footings and shall be provided with a damp proof course 6 inches above the level of the adjoining ground and consisting of some durable material impervious to moisture.

16. Except in cases where the permission of the chairman has been obtained under section 195 the outer walls of every building shall be constructed of brick or other substance of a hard and incombustible nature.

17. The walls of every building shall be properly bonded.

18. If a building has more than one storey, every wall shall be of such thickness as the chairman may consider necessary to ensure safety, regard being had to the height of the building, the materials of which it is constructed and the purpose for which it is intended to be put.

19. The floors of every building shall be so constructed as to carry safely the maximum load, the allowance for live load not being less than 56 pounds per square foot.

20. Every beam and girder in such building shall be supported by a breadth of brick work, stone or other solid substance sufficient to ensure stability.

21. The bearing of every beam or girder on a wall shall not be less than three-fourths of the thickness of the wall.

22. No timber or woodwork in a building shall be placed—

(*a*) in any wall or chimney-breast nearer than nine inches to the inside of any flue, stove pipe or chimney-opening, and

(*b*) under any chimney-opening within fifteen inches from the upper surface of the hearth thereof.

23. Every terraced roof shall be constructed to carry such load, not being less than forty pounds per square foot, in addition to its own weight, as may be approved by the chairman.

(iii) Dwelling houses and other domestic buildings.

24. (1) There shall be at the rear of every building used or intended to be used for purposes of human habitation an open space exclusively belonging thereto and extending laterally throughout the width of that site to a depth of not less than 10 feet.

(2) In such open space no building shall be permitted except a latrine or ash-pit constructed in accordance with the by-laws made in that behalf.

(3) Not less than one-third in the aggregate of the total area of a site for constructing buildings used or intended to be used for purposes of human habitation shall be left as vacant space open to the sky.

25. Except with the written permission of the council no dwelling house or other building used or intended to be used for purposes of human habitation shall be erected or raised to a greater height than 60 feet measured from the level of the centre of the street in front—

(*a*) in the case of a pitched roof, up to the tie beam of the roof, and

(*b*) in the case of a flat-roof, up to the surface of the roof.

26. In the case of a pitched roof, the roof above that height shall rise at an angle of not more than forty-five degrees.

27. In the case of a flat-roof no parapet shall be constructed more than 3 feet above the maximum height specified in rule 25.

28. (1) No part of a building shall be of a height above street level greater than the shortest distance between that part and the farther edge of the street measured horizontally.

(2) If a building is situated on a corner plot so as to abut upon more than one street, the height of the building shall be regulated by the wider of such streets so far as it abuts upon such wider street or 40 feet whichever is less from the wider street.

(3) If a building is situated at the end of and facing along a street, rule 28 (1) and (2) shall not apply to such portion of the building as lies within the produced alignment of such street or within fifteen feet of the produced axial alignment of such street whichever is less.

29. Every room used or intended to be used for purposes of human habitation—

(*a*) shall be in every part not less than 9 feet in height, measured from the floor to the underside of the beam on which the roof rests;

(*b*) shall have a superficial area of not less than 80 square feet; and

(*c*) shall have windows or ventilators other than roof lights or ventilators opening directly into the external air of a superficial area of not less than 10 per cent of the floor area of the room or twelve square feet whichever is greater.

A building shall not be held to contravene clause (*c*) of rule 29 if the windows and ventilators open into a veranda provided that the veranda in its turn for the whole of its length opens on to an open space and the width of such open space (not being less than eight feet) is not less than double the width of the veranda.

30. (*a*) Every building used or intended to be used for purposes of human habitation shall be so constructed that every room therein shall have at least one side abutting for the whole of its length (which shall in no case be less than eight feet) on an open space, either external or internal. The internal open space shall in no case be less than eight feet across in any direction. The external open space shall in no case be less than eight feet across in any direction, except when such open space abuts for the whole of its length on a street or other public space which is not less than 15 feet across in any direction.

(*b*) A building shall not be held to contravene clause (*a*) of this rule if one side of a room abuts on an internal or external veranda,

provided that the veranda in its turn abuts for the whole of its length on an open space and the width of such open space (not being less than 8 feet) is double the width of the veranda.

(c) Every open space, external or internal, required by clause (a) of this rule, shall be free and be kept free from any erection thereon and shall be open to the sky.

(d) The side of every such room abutting on an external or internal open space or on external or internal veranda shall have at least one-fifth of its area occupied by doors, windows or ventilators but in no case shall the area so occupied be less than 24 square feet. Where, in the opinion of the chairman, it shall be considered necessary, additional ventilators of a type approved by the chairman shall be provided in the remaining sides of such room. Such ventilators shall communicate directly with the open air.

31. In every building used or intended to be used for purposes of human habitation which is constructed to or adapted for flats, the principal common staircase shall be suitably ventilated upon every storey.

32. Notwithstanding anything contained in rules 24 and 30 the chairman may permit for periods not exceeding three months at a time, the construction of temporary marriage or summer pandals over such interior court-yards or open spaces, provided that such temporary constructions are so designed as not to interfere with proper ventilation.

33. Every house shall be provided with a secondary means of egress in case of fire.

About position, materials and methods of construction of hearths, smoke escapes, chimney, etc.

34. Every fire place shall be constructed of sound and non-inflammable materials and shall be provided with a chimney or smoke outlet which shall be of such design as to permit of the effective escape of the smoke. Every chimney shall be built on solid foundations and with footing similar to the footings of the wall against which such chimney is built, and shall be properly bonded into such wall provided that such chimney may be built on a metal girder, or on sufficient corbels of brick, stone, or other hard and incombustible materials if the work so corbelled out does not project from the wall more than the thickness of the wall measured immediately below the corbel.

35. The inside of every flue shall be properly rendered unless the whole flue shall be lined with fire-proof piping of stoneware at least one inch thick and unless the spandrill angles shall be filled in solid with brickwork or other incombustible material.

36. The back or outside of such flue, which shall not be constructed so as to form part of the outer face of an external wall, shall be properly rendered in every case where the brickwork of which such back or outside may be constructed is less than nine inches thick.

37. Every flue which may be intended for use in connexion with any furnace, steam-boiler, or close fire constructed for the purpose of any trade, business, or manufacture or which may be intended for use in connexion with any cooking range or cooking apparatus of such building when occupied as an hotel, tavern, or eating-house, shall be surrounded with brickwork or other solid and incombustible material at least nine inches thick for a distance of at least two feet in height from the floor on which such furnace, boiler, close-fire, cooking range, or cooking apparatus may be constructed or placed.

38. The breast of every chimney and the brickwork or stonework surrounding every smoke-flue and every copper-flue of such building shall be at least four and a half inches in thickness.

39. The back of any chimney opening in a party wall and the back of the flue connected therewith in any room which may be constructed for occupation as a kitchen shall be at least nine inches thick to a height of at least nine feet above the hearth.

40. The back of every other chimney opening from the hearth up to a height of twelve inches above such opening, shall be at least four and a half inches thick in the case of an external wall, and nine inches thick in the case of any other wall.

41. Every chimney, shaft, or smoke-flue shall be carried up in brickwork or stonework all round at least four and a half inches thick to a height of not less than three feet above the roof, flat, or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat or gutter.

42. No iron holdfast or other metal fastening shall be placed nearer than two inches to the inside of any flue or chimney opening.

43. No wooden plug shall be driven into any wall or chimney-breast of such building nearer than six inches to the inside of any flue or chimney-opening.

44. The face of the brickwork or stonework about any flue or chimney-opening shall be properly plastered.

With respect to roofs, floors and staircases of new buildings.

45. The flat and roof, and every turret, dormer, lantern-light, skylight or other erection placed on the flat or roof of such building, shall be terraced or built of concrete or externally covered with slates, tiles, metal, or other incombustible materials, except as regards any door, door-frame, window or window-frame of any such turret, dormer, lantern-light, skylight, or other erection.

Provided that with the permission of the chairman an external roof may be constructed of any other kind of materials.

46. In every new public building, the floor of every lobby, corridor, passage and landing which is not intended solely as a means of access to any private apartment, and all the supports of every such floor shall be constructed of stone or other incombustible or fire-resisting materials, and shall be of adequate strength.

47. Every staircase shall be properly constructed of sound and suitable materials, and securely fixed and shall be of adequate strength.

48. In every new public building every staircase which is not intended solely as a means of

access to any private apartment shall be constructed of incombustible materials, and carried by supports of incombustible materials, and shall be furnished on each side with a sufficient handrail, properly and securely fixed.

49. In every new public building every staircase which is intended solely as a means of access to any private apartments shall be provided with a sufficient handrail, properly and securely fixed.

50. Wherever separate sets of chambers or offices or rooms constructed or intended or adapted to be tenanted by different persons, and which shall exceed fifty thousand feet in cubic content, the floor of every lobby, corridor, passage and landing and every flight of stairs in any staircase in such building, and all the supports of every such floor and flight of stairs shall be constructed of stone or other fire-resisting material and shall be of adequate strength, and the principal staircases and landings of such building shall be enclosed with walls, not less than nine inches in thickness, constructed of good, hard, sound, well-burnt bricks, stone, or other hard and incombustible materials, properly bonded and solidly put together.

With respect to paving of yards and open spaces.

51. Every yard or open space to a dwelling house or other building used or intended to be used for purposes of human habitation shall, where it is necessary for the prevention or remedy of insanitary conditions, be properly paved—

(a) with a hard, durable, and impervious pavement of flagging or paving bricks, evenly and closely laid upon a sufficient bed of good mortar or other suitable material, and properly jointed, or

(b) with good cement, or lime mortar or surki mortar concrete rendered with three-fourths inch cement plaster,

(c) with good asphalte on a proper foundation,

and so sloped to a properly constructed channel as effectually to carry off all rain or waste water therefrom.

With respect to drains, cess-pools, latrines, etc., connected with a building.

52. Rule 7 shall not be deemed to apply to a cellar intended for storage and constructed in a dry soil or in such manner as to be impervious to water.

53. Every closed drain in a building shall be constructed of good sound pipes formed of glazed stoneware heavy cast-iron or other suitable material.

54. Every such drain shall be of adequate size and, if constructed or adapted to be used for conveying sewage, shall have an internal diameter of not less than 4 inches and shall be laid with a proper fall and with water-tight, socketed, or other suitable joints.

55. Every drain shall be so constructed as not to pass underneath a building except where no other mode of construction is practicable. Where it has to pass under a building it shall be so laid in the ground that there shall be a distance equal at the least to the full diameter thereof between the top of the drain at its highest point and the surface of the ground under such building.

56. Every drain shall be laid in a direct line for the whole distance beneath such building and if constructed of other than iron pipes shall be completely embedded in and covered with good and solid concrete, at least 6 inches thick all round.

57. Adequate means of access shall be provided in connexion with a drain at each end of the portion thereof as is beneath such building.

58. Every inlet to a drain, not being an air inlet, shall be properly trapped.

59. Every drain which may directly communicate with any sewer or other means of drainage into which such drain may lawfully empty shall be provided, within the curtilage of such building, with a suitable trap at a point as distant as may be practicable from such building and as near as may be practicable to the point at which such drain may be connected with such sewer or other means of drainage; and such trap shall be provided with proper means of access for purposes of cleansing.

60 The drains shall not be constructed as to form any right-angled junction. Every branch or tributary drain shall join the drain obliquely in the direction of its flow.

61. At the head of drains and below the intercepting trap, a ventilating pipe or shaft shall be provided. The pipe or shaft shall be carried sufficiently high so as effectually to prevent any escape of foul air from it into any building in the vicinity thereof, and in no case it shall be of a less height than ten feet.

62. An air inlet shall be provided immediately above the disconnecting trap which may be provided at or near the end of the drain and before it joins the public sewer into which the sewage may lawfully discharge.

63. Every pipe or shaft which may be used in connexion with the drains shall be of a sectional area not less than that of the drain with which such pipe or shaft may communicate, and not less in any case than the sectional area of a pipe or shaft of the diameter of four inches.

64 No drain shall be constructed in such a manner as to allow any inlet to such drain (except such inlet as may be necessary from the apparatus of any water-closet or any slop-sink constructed or adapted to be used for receiving within the building any solid or liquid filth) to be made within the building.

65 The soil-pipe from every water-closet shall be at least four inches in diameter.

66. Every soil-pipe and the waste-pipe from every slop-sink shall be fixed outside the building, and be continued upwards without diminution of its diameter, and (except where unavoidable) without any bend or angle being formed in such soil-pipe or waste-pipe to such a height and in such a position as to afford, by means of the open end of such soil-pipe or waste-pipe, an outlet for foul air, at a safe distance from windows, chimneys or other openings.

67. Every soil-pipe shall be so constructed that there shall not be any trap between such soil-pipe

and the drains, or any trap (other than such as may necessarily form part of the apparatus of any water-closet) in any part of such soil-pipe.

68. The waste-pipe from every bath sink (not being a slop-sink constructed or adapted to be used for receiving any solid or liquid filth), or lavatory, and every pipe for carrying of foul waste-water shall be properly trapped and shall be taken through an external wall of the building, and shall discharge in the open air over a channel leading to a trapped gulley grating.

69. The overflow-pipe from any cistern and from every safe under any bath or water-closet shall be taken through an external wall of the building and shall discharge in the open air.

70. Every water-closet or earth-closet shall be constructed in such a position that at least one of its sides shall be an external wall.

71. Every water-closet or earth-closet shall have in one of its walls a window of no less dimensions than two feet by one foot exclusive of the frame and opening directly into the external air.

72. Every water-closet shall be provided with a separate cistern or flushing box of adequate capacity, which shall be so constructed, fitted and placed as to admit of the supply of water for use in such water-closet without any direct connexion between any service pipe upon the premises and any part of the apparatus of the water-closet, other than the cistern or flushing-box.

73. Every water-closet shall be provided with a suitable apparatus for the effectual application of water to any pan, basin, or other receptacle with which such apparatus may be connected and used, and for the effectual flushing and cleansing of such pan, basin, or other receptacle, and for the prompt and effectual removal therefrom of any solid or liquid filth which may from time to time be deposited therein.

74. Every water-closet shall be provided with a pan, basin, or other suitable receptacle of non-absorbent material, and of such shape, capacity, and mode of construction as to receive and contain a sufficient quantity of water, and to allow all filth which may from time to time be deposited in such pan, basin, or receptacle to fall free of the sides thereof, and directly into the water received and contained in such pan, basin, or receptacle.

75. No 'container' or other similar fitting shall be constructed or fixed under the pan, basin or receptacle.

76. No trap of the kind known as a 'D' trap shall be constructed or fixed in or in connexion with a water-closet.

77. Every privy shall be constructed in such a manner and in such a position as to afford ready means of access to such privy, for the purpose of cleansing such privy and of removing filth therefrom, and in such a manner and in such a position as to admit of all filth being conveniently removed from such privy, and from the premises to which such privy may belong, without being carried through any dwelling-house or public building, or any building in which any person may be, or may be intended to be, employed in any manufacture, trade, or business.

78. Every privy shall be provided with a sufficient opening for ventilation, as near to the top as practicable, and communicating directly with the external air. Its floor shall be flagged or paved with hard tiles or other non-absorbent material and shall be constructed so that it shall be in every part thereof at least 6 inches above the level of the ground adjoining it and so that such floor shall have a fall or inclination towards the door of it of half an inch to the foot.

79. Before granting permission for the construction or re-construction of a building the chairman shall take into consideration the proximity of electric supply lines, if any, to the building and shall withhold permission for such construction or re-construction unless suitable arrangements are made by the applicant to meet the requirements of the rules made under the Indian Electricity Act, 1910.

(iv) Application for approval of sites for, and for permission to construct or reconstruct, buildings other than huts.

80. Every application for approval of a site for a building and for permission to execute the work of constructing or reconstructing such building shall be submitted in the form given in Schedule E attached to these rules (to be supplied by the chairman free of charge).

81. The site plan to accompany the applications shall be in duplicate and drawn to a scale of not less than one-fiftieth of an inch to a foot.

82. Every site-plan shall show

(a) the boundaries of the site,

(b) the position of the site in relation to neighbouring streets,

(c) the name of the street in which the building is proposed to be erected,

(d) the position of the building, and of all other buildings (if any), which the applicant intends to erect upon his contiguous land referred to in clause (a), in relation to (i) the boundaries of the site, (ii) all adjacent streets, buildings and premises within a distance of 40 feet of the site and of the contiguous land (if any) referred to in clause (a),

(e) the means of access from the street to the building, and to all other buildings (if any) which the applicant intends to erect upon his contiguous land referred to in clause (c),

(f) the position and approximate height of all other buildings within 40 feet of the site,

(g) the position, and dimensions of proposed latrines, urinals, drains, cess pools, stables, cattle-sheds, new houses, walls and other appurtenances of the building,

(h) the fore passage or way in front of the building,

(i) the space to be left about the building to secure a free circulation of air, admission of light, and access for scavenging purposes,

(j) the width of the street (if any) in front, and of the street (if any) at the rear of the building, and

(k) such other particulars as may be required by the council.

83. Every application to construct or reconstruct a building shall also be accompanied by a plan in duplicate of the proposed building

showing both elevations and sections and drawn to a scale of not less than one-eighth of an inch to a foot.

84. Every application under rule 80 for permission to construct or reconstruct a septic tank latrine, septic tank, or other work for the purification or disposal of sewage shall have annexed to it the certificate granted by the Sanitary Engineer to Government and the Director of Public Health under rule 10.

85. Every such plan shall show—

(a) the depth and width of the foundations of the building,

(b) the level of the lowest floor of all buildings and of all courtyards and open spaces in the buildings with reference to the level of the centre of the nearest street,

(c) the thickness of all external and party walls,

(d) the position and dimensions of windows, doorways and ventilators.

86. Every such application shall further be accompanied by a specification giving the following information :—

(a) the materials and method of construction to be used for external walls, party-walls, foundations, damp-proof courses, roofs, floors, fire-places and chimneys,

(b) the manner in which roof and house drainage and the surface drainage of the site will be disposed of,

(c) the manner, if any, in which it is proposed to pave the courtyard and open spaces in the building or premises and the slope to which the surface is to be made in each case,

(d) the means of access that will be available to scavengers for the cleansing of privies,

(e) the purposes for which it is intended to use the building,

(f) the means of ingress and egress, if the building is intended to be used as a dwelling house for two or more families or as a place for carrying on any trade or business in which more than twenty people may be employed, or as a place of public resort, and

(g) such other particulars as may be required by the council.

87. The plans shall be signed by the applicant.

88. All information and documents which it may be found necessary to require, and all objections which it may be found necessary to make, before deciding whether a site should be approved for a building, or whether permission to construct or reconstruct a building should be given, shall be respectively required and made in one requisition, and the applicant shall be apprised thereof at the earliest possible date.

89. Within thirty days from the date of receipt of an application under section 197 of the Act, the chairman may require the applicant

(a) to furnish him with any information on matters referred to in these rules which has not already been given in the documents thereunder, or

(b) to satisfy him that there are no objections which may lawfully be taken to the approval of the site.

90. If any information or documents required under rules 86 and 89 is, in the opinion of the chairman, incomplete or defective, he may, within thirty days from the date of receipt of the same, require further information or documents to be deemed to have been furnished.

91. If any requisition made under rules 89 and 90 is not complied with within three months, the application under section 197 of the Act shall be refused.

92. When the chairman has approved any site-plan or given permission to execute any work, he shall sign such site-plan or plan of the work, as the case may be.

93. One copy of the site-plans and one copy of the building-plans shall be kept at the site of the building at all times when building operations are in progress and such plans shall be available at all such times for the inspection of the chairman or of any officer authorized by him in that behalf.

(iv-A) Special rules in the case of certain sanitary works.

94. When the chairman has given permission to any person to execute any work falling under rule 16 such person shall notify the Sanitary Engineer to Government and the chairman simultaneously a fortnight before he proposes to commence the work and shall give free access to the Sanitary Engineer or his deputies or subordinates to inspect the work during its progress.

95. If any departure is made from the sanctioned plans without the approval of the Sanitary Engineer to Government or if the work is not carried out with suitable materials and to the satisfaction of the Sanitary Engineer, the chairman, on the advice of the Sanitary Engineer, shall withdraw the permission granted by him to execute the work.

96. The work shall not be brought into use until it has been certified by the Sanitary Engineer or any officer deputed by him to have been carried out satisfactorily.

(v) Huts generally.

97. Except with the written permission of the chairman no portion of a hut shall be placed within six feet of a masonry or wooden building, provided that this rule shall not preclude the construction of huts in compounds in any case where masonry or wooden out-houses would be permissible.

98. No hut shall be of more than one storey nor exceed 12 feet in height, measured from the top of the plinth to the junction of the eaves and wall.

99. The plinth of a hut shall be raised at least one foot above the level of the centre of the nearest street or passage.

(vi) Huts on land exclusively set apart for the same.

100. Huts on land exclusively set apart for the same shall be built in continuous lines, in accordance with an alignment to be prescribed by the council.

101. Where an alignment prescribed under rule 100 does not correspond with the alignment of a street, a passage of at least 20 feet, measured from eave to eave, shall be left between the rows of huts abutting on such prescribed alignment.

102. All passages referred to in rule 101 shall remain private property, subject to a right in the municipal authorities to send carts along them or otherwise make use of them for any of the purposes of the Act.

103. Notwithstanding anything contained in rule 100 huts may, with the special sanction of the council, be built so as to form an open courtyard, comprising at least one-third of the whole area occupied by the huts and courtyard.

104. There shall be between any two huts a space of at least four feet, measured from eave to eave.

(vii) Applications for permission to construct or reconstruct huts.

105. Every application for permission to construct or reconstruct a hut shall be submitted in the form given in Schedule C attached to these rules (to be supplied by the chairman free of charge).

106. If it is intended to use the hut or part thereof for any of the purposes specified in Schedule V of the Act or as a stable, cattle-shed or cow-house, the fact shall be expressly stated in such application.

107. The site-plan accompanying such application shall show the position of the proposed hut, means of access thereto from the street, and such other particulars as may be required by the council.

108. The chairman may require the applicant—

(*a*) to furnish him with any information which has not already been given, or

(*b*) to satisfy him that there are no objections which may lawfully be taken to the grant of permission to execute the work.

109. If any information or plan required under rules 105 to 108 is, in the opinion of the chairman, incomplete or defective, he may require further information or a fresh plan to be furnished.

110. If any requisition made under rules 108 and 109 is not complied with within one month, the application received under section 268 shall be deemed to have been refused.

(viii) Application of rules to alterations of, and additions to, buildings.

111. Rules 80 to 87 or rules 105 to 110, as the case may be, shall not be applied in the case of any alteration of, or addition to, a building unless one or more of the following works is or are undertaken, namely :—

(*a*) the construction of a roof or an external or party-wall,

(*b*) any repairs to the building which involve the reconstruction of a lift-shaft or a chimney after the same has been entirely or in great part demolished,

(*c*) any other alteration of the internal arrangements of a building which affects its drainage or stability,

(*d*) the addition of any building, room, outhouse or other structure.

112. If, in any case of urgency arising from causes beyond his own control, any person desires to undertake without delay any of the works referred to in rule 111, he may send to the chairman an application for provisional permission to proceed with the work.

113. Such application shall contain an explanation of the urgency and a general description of the work proposed to be undertaken.

114. Within ten days from the date of receipt of any such application, the chairman shall, by an order in writing, either grant or refuse to grant provisional permission to proceed with the work.

115. If, within such period, the chairman has neither granted nor refused to grant such provisional permission, the same shall be deemed to have been granted.

116. Whenever such provisional permission is granted, and in any case provided for by rule 115, the applicant shall, within ten days of the expiry of the period referred to in rules 114 and 115, send to the chairman a regular application for permission to execute the work; and, if he fails to do so, the provisional permission shall be deemed to have been withdrawn.

(ix) Exempted buildings

117. The following buildings shall be exempt from the operation of the above rules :—

(*a*) Any Government building or building intended to be used for Government purposes.

(*b*) Any building which may be erected or may be intended to be erected by the Local Government in accordance with such plan and in such manner as may be approved or directed and in pursuance of any statutory provision in that behalf.

(*c*) Any building erected or intended to be erected for the use solely as a temporary hospital for the reception and treatment of persons suffering from any dangerous disease.

PART III.

Rules regarding wells under section 191 (1).

118. No place of land shall be used as a site for the construction or reconstruction of a well the water of which is intended for drinking or domestic purposes :—

(*a*) if the chairman considers that the site is insanitary or that it is dangerous to construct a well thereon,

(*b*) if there is a soakage pit or cess-pool at the site, the water of which is allowed to stagnate and soak into the soil,

(*c*) if the site lies on the line of drainage of a burial or burning ground or of a place where an offensive trade is carried on,

(*d*) if the land has been previously used as the site for a latrine or lies within 20 feet of any latrine,

(*e*) if the land has been made up or has been used as a dumping ground.

119. Every well the water of which is intended for drinking or domestic purposes shall be sunk at least six feet below summer water level.

120. The interior of every such well shall be rendered with cement mortar from the top down to summer water level and in no case to a depth of less than 12 feet below the level of the surrounding ground.

121. The exterior of every such well shall be surrounded by puddle clay of least two feet thick from the level of the surrounding ground to a depth of at least 12 feet.

122. Every such well shall be provided with a parapet wall at least three feet six inches high.

123. Every such well shall be provided with a masonry platform all round at least four feet wide.

124. Every such well shall be provided with a catch drain all round the platform and a drain to lead the waste water therefrom of such length as the chairman may require

125. Every such well unless fitted with a pump shall be provided with not less than one pulley.

126. Every person who intends to construct or reconstruct a well shall submit to the chairman an application in the form given in Schedule D attached to these rules, to be supplied by the chairman free of charge. The site plan to accompany the application shall show particulars of the surroundings, the nature of the soil and the summer water level.

127. The chairman shall either sanction the application or reject it or call for further information; and if no intimation is sent to the applicant within one month from the date of receipt of the application such application shall be deemed to have been sanctioned.

PART IV.

128. Every person committing a breach of any of these rules in Parts I, II and III shall be liable to a fine which may extend to one hundred rupees.

SCHEDULE A.

(*See rule* 13.)

Schedule of safe-bearing power of various kinds of soil:—

Description of earth.	Approximate safe maximum load in tons per sq. ft.
Bog, morass, quick-sand, peat-moss, marsh land, silt	0 to 0·20
Hard peat turf	0 to 0·25
Soft, wet, pasty or muddy clay, and marshy clay ...	0·25 to 0·33
Alluvial deposits of moderate depths in river beds, etc.	0·20 to 0·35
Diluvial clay in beds of rivers	0·35 to 1·00
Alluvial earth, loams and loamy soils (clay and 40 to 70 per cent of sand) and clay loams (clay and about 30 per cent of sand)	0·75 to 1·50
Moist clay	1·00 to 1·75
Compact clay, nearly dry ..	2·00 to 2·50
Upheaved and intermixed beds of different sound clays	3·00
Solid clay mixed with very fine sand	4·00
Dry compact clay of considerable thickness ...	3·00 to 5·00
Solid yellow clay containing only the normal quantity of water ...	4·00 to 6·00
Solid blue clay, marl and indurated marl	5·00 to 8·00
Loose sand in shifting river beds, the safe load increasing with depth ...	1·50 to 2·50
Silted sand of uniform and firm character in a river bed, secure from scour and at depths below 25 feet	3·50 to 4·00
Compact sand	2·00 to 3·00
Compact sand, prevented from spreading	5·00 to 7·50
Ordinary gravel and sand.	2·00 to 3·00
Ordinary gravel and sand but compact, dry and prevented from spreading	4·00 to 6·00
Very firm, compact sand at a depth not less than 20 feet and compact sandy gravel	6·00 to 7·00
Soft chalk, impure and argillaceous	1·00 to 1·50
Hard white chalk	2·50 to 4·00
Firm shale, protected from the weather, and clean gravel	6·00 to 8·00
Compact gravel	7·00 to 9·00
Ordinary rock	From 9·00 upwards.

SCHEDULE B.

(*See rule* 50.)

Dated———————19

Application

Under section 197 of the Madras District Municipalities Act V of 1920.

To

The Chairman,
Municipal Council,

Sir,

R. KRISHNA RAO BHONSLE,
Secretary.

Office of the Comsr for Govt, Examinations,
Madras, 23rd October 1931.

ANDHRA UNIVERSITY.

FIFTH CONVOCATION, DECEMBER 1931.

The Fifth convocation for Conferring degrees and titles will be held at Waltair in the University Office on the afternoon of Tuesday, the 1st December 1931. The hour will be notified later.

Applications from candidates for degrees or titles in the prescribed form must be made so as to reach the Registrar not later than Thursday, the 12th November 1931. Printed forms of application for the purpose can be obtained from the office of the Registrar on application made in person or by post. Special forms of application are available for candidates taking their *degrees in absentia*. Candidates are requested to specify, when writing for the forms, the degree which they are to take at the Convocation.

Candidates who complete or pass both the parts of the B.A. Degree examination held in September last should apply for admission to the Convocation soon after their results are announced in the Madras Gazette.

Unless specially exempted, every candidate for a degree must appear in person at the Convocation to receive the same. A candidate desirous of being exempted from appearance in person shall not receive his diploma except on payment of a fee of Rs. 10. The fee should be paid into Government Treasuries or the Imperial Bank of India or any of its branches, and the receipt therefor should be submitted to this office with the application for admission to the Convocation, and in the case of those residing outside the Madras Presidency, the fee should be sent by money order to the Registrar.

Applications not prepared in the prescribed form, or defective in any particular, or received after the prescribed date, will not be accepted. Candidates are advised, as a safeguard against the miscarriage

or non-delivery of applications, to submit the same *much earlier than the prescribed date*. Enquiries from the candidates as to the receipt of their applications in the office of the Registrar will not receive attention; but applications accompanied by addressed post cards will be acknowledged by the return of the latter with the University stamp duly impressed thereon.

Cards of admission to the Convocation will be issued on Monday, the 23rd November, to the address given in the application form. Candidates must give clearly the address to which these should be sent. Candidates for degrees or titles who do not receive cards of admission in time after the above date of posting are requested to communicate the fact promptly to the Registrar. *No candidate will be admitted into the Convocation Pandies without a ticket of admission.*

Candidates for degrees or titles are requested to be in attendance at the University Office not later than one hour before the prescribed time. They are required by the regulations to wear the correct gowns and hoods pertaining to their respective degrees.

Candidates, who, having sent their applications to the Registrar notifying that they would attend the Convocation to take their degrees or titles, fail to appear at the Convocation, will be charged an extra fee of Rs. 10 each when they next apply for their degrees or titles.

University Office, Waltair,
15th October 1931.

NOTIFICATIONS.

It is hereby notified that candidates appearing for the Intermediate Examination for the first time from colleges in 1932 should take only the following groupings of subjects under Part III of the examination and that, as time tables are framed on the basis of these groupings only, applications from candidates bringing in other groupings *will not be entertained*.

Candidates who appeared for the examination before should bring in the same groupings of subjects for which they appeared previously. Candidates who underwent their courses of study under the Old Regulations will be governed by the Transitory Regulations mentioned in Chapter XXXIX of the Code. Private candidates who have been granted exemption should appear for the groupings of subjects mentioned in their exemption orders :—

University Office, Waltair,
7th October 1931.

Add the following at the end of the rules and directions for the admission of holders of S S L Cs. to University Courses of Study in the academic year 1932-1933 published on 15th December 1930 :—

10 Notwithstanding anything to the contrary contained in the above rules, holders of S S L Cs. under the old scheme who are permitted to complete their certificates by the S.S.L.C. Board in the examinations to be held in 1932 and 1933 shall be declared eligible for admission to University courses of study subject to the following conditions :—

(a) They should have presented at one time the following subjects for the S S L C. examination :—

(i) *Group A* —Three subjects (prescribed by the S.S.L.C Board), subject to the condition that students who have been specifically exempted by

the Director of Public Instruction from the study of Vernacular Composition and Translation need not sit for the examination in that subject.

(ii) *Group C.*—Two subjects under Group C, one of which shall be from among the following:—

Algebra and Geometry; Physics; Chemistry; Botany; History of England and India; Commercial Practice and Geography, a Language; Agriculture.

(3) They should secure in

(i) *Group A*—35 per cent of the marks in each of the three subjects except in Vernacular Composition and Translation in cases where exemption from studying the subject has been granted by the Director of Public Instruction

(ii) (1) *Group C*—35 per cent of the marks in one of the following subjects:—

Algebra and Geometry; Physics; Chemistry; Botany; History of England and India, Agriculture;

or

40 per cent of the marks in one of the following subjects, if the other subject selected under Group C is not one of the five subjects enumerated above—

Commercial Practice and Geography, a Language.

(2) And 35 per cent of the marks in the other subject under Group C.

Provided however that a certificate holder who secures in the aggregate 175 or 180 marks if he brings up Commercial Practice and Geography, or a Language and another subject in Group C not included in the five subjects mentioned in the second sub paragraph of rule (a) (*ii*) (1) in the five subjects but fails by a deficiency of not more than one mark in each of two subjects, not of the same group, shall be declared eligible for admission to University courses of study subject to the condition that the aggregate of 175 or 180 marks shall be decreased by 35 marks in cases where candidates have been exempted from studying Vernacular Composition and Translation.

(*c*) A moderation board shall be appointed by the Syndicate to consider cases of certificate holders who do not satisfy the above rule but come within either of the two following categories:—

(i) Those who get an aggregate of from 176 to 199 marks and not less than 35 per cent in each of the four subjects provided that if the qualifying subject in Group C under (*b*) (*ii*) (1) above is Commercial Practice and Geography or a Language 40 per cent should be obtained in that subject.

(ii) Those who get an aggregate of not less than 200 marks and not less than 35 per cent of the marks in each of the three subjects, not all from the same Group, provided that if the qualifying subject in Group C under (*b*) (*ii*) (1) above is Commercial Practice and Geography or a Language 40 per cent should be obtained in that subject.

(*d*) Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination must again appear at the Public Examination in all the five subjects in which he has already undergone examination and his eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and penultimate examinations.

TENDER FOR IMPROVEMENTS TO AVANIAPURAM SUPPLY CHANNEL, MADURA TALUK.

SEALED tenders will be received by the undersigned on schedule contract system at his office up to 5 p.m. on 1st December 1931 for the work of improvements to Avaniapuram supply channel, Madura taluk.

2. Tenders should be addressed to the Executive Engineer, Madura Special Division, Madura, and should be superscribed "Tender for improvements to Avaniapuram supply channel, Madura taluk."

The name of the tenderer should be noted in the cover. The tender should be written in English.

3. Each tenderer should pay the earnest money of Rs. 150 to the credit of "Revenue deposits" on behalf of the Executive Engineer, Madura Special Division, into a branch of the Imperial Bank of India or a Government treasury or sub-treasury within the jurisdiction of this division and enclose the chalan with the tender. In the case of parties whose tenders are not accepted, the earnest money will be refunded by the Treasury Officer concerned on the authority of an order endorsed upon the treasury chalan by the Executive Engineer.

4. The Executive Engineer, Madura Special Division, will reserve to himself the right of rejecting all or any of the tenders without assigning any reasons for so doing.

5. The tenderer shall forfeit his earnest money if he withdraws his tender before decision of the accepting authority is published.

6. As soon as the acceptance of the tender is notified, the successful tenderer will be required to deposit a further sum of Rs. 150 which, with the earnest money received, will be held as security for the due fulfilment of the contract.

7. The successful tenderer will also be required to sign an agreement in the proper departmental (schedule contract) form (P.W.D.V. 50) for the due fulfilment of the contract.

8. Failure to comply with conditions 6 and 7 above within a week from the date of receipt of the intimation of the acceptance of the tender by the Executive Engineer will entail forfeiture of the earnest money. Failure to commence the work in time will also entail the forfeiture of the earnest money.

9. The contract must not be sublet.

10. Other conditions of contract and the contract documents can be seen at any time between 11 a.m. and 4 p.m. in the Executive Engineer's Office, Madura Special Division, Madura, on all working days from which blank forms of tender (P.W.D.V. 10) may be had free of charge.

11. In the event of a tender being submitted by a firm, it must be signed separately and severally by each member thereof or, in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorizing him to do so and the power-of-attorney should also be produced along with his tender for reference.

12. The work should be completed in all respects and a monthwise expenditure that can be allowed, should also be submitted. A penalty of Rs. 15 per diem will be levied to cover the anticipated damages if the tenderer fails to complete the work within the stipulated time and he will also forfeit the security deposited by him if he fails to complete the work within the time fixed.

13. The work should be carried out according to the standard specification of the Trichinopoly circle, a copy of which is recorded in the Division office for reference and also to the entire satisfaction of the departmental officers.

14. Specific rates should be given for each item. The rates as well as unit of calculation should be expressed both in words and figures in the tender. Schedule of quantities must be completed, i.e., the quantities must be multiplied by the rates quoted and the amount noted. Corrections must be avoided as far as possible and where they are unavoidable they should be dated and initialed. Tenders offering a percentage reduction or increase in the estimate amount will be rejected.

15. No extra rate will be paid above the accepted tendered rate for any materials on account of their having to be obtained from special places to conform to the specifications or to the approved samples.

16. The contractor should themselves bear the seigniorage charges for the material quarrying from Revenue, Forest and other departments.

17. If at any time subsequent to the execution of contract Government materials other than those specified in the contract agreement are supplied to the contractor for use on the work, they will be charged at the market rate prevailing at the time of supply or the stock issue rate whichever is greater. No cartage or other incidental charges will be borne by Government in connexion with the supply.

18. Any tender not received in order and according to the instructions given above will not be considered.

18A. The quantities noted are only approximate and liable to alteration when contract is given.

19. The tenderer should, at his own cost,—

(*a*) provide rods, stakes, ropes and labour required in setting out the work;

(*b*) provide all necessary scaffolding, centering and labour and appliances for hoisting;

(*c*) provide sheds to keep materials under cover;

(*d*) arrange for protecting work during inclement weather;

MINUTES OF A BOARD MEETING.

No. 14 of 1931-32, HELD ON FRIDAY, THE 9TH OCTOBER 1931.

PRESENT:

Mr. W. Fyfe, M.INST.C.E., M.I.STRUCT.E., *Acting Chairman.*
Mr. C. R. Watkins, C.I.E.
Captain E. H. Marsden, R.I.M.
M.R.Ry. M. Ct. M. Chidambaram Chettiyar Avargal.
The Hon'ble Diwan Bahadur G. Narayanaswami Chetti Garu, C.I.E.
M.R.Ry. Diwan Bahadur M. Balasundaram Nayudu Garu.
M.R.Ry. C. Subbayya Chetti Avargal.
Mr. G. A. Bambridge
Mr. D. M. Reid.
Mr. F. Birley.
Mr. J. M. Smith.
Mr. M. A. Argus.

372. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday, the 25th September 1931.

373. The consideration of the draft Administration Report of the Madras Port Fund for the year 1930-31 was deferred to the next meeting, the Acting Chairman being asked if it could not be abridged.

374. Read a note by the Acting Chairman submitting the correspondence that had taken place between the Secretary, the Stores Purchase Committee of the Government of Mysore, and the Trust on the subject of the application to all Mysore Government Stores other than Railway materials of the flat rate of harbour dues which is levied on all Central and Local Government Stores under the authority of sub-clause (i) of clause 21 of Part I of the Trust's Scale of Rates and submitting for sanction draft of an addition to the above sub-clause, in order to make the sub clause applicable to all Mysore Government Stores other than Railway materials.

Resolved that the proposed addition to sub-clause (i) of clause 21 of Part I of the Scale of Rates be approved and that it be submitted to Government for sanction and for publication in the *Fort St. George Gazette*, if sanctioned, as required by section 44 (1) of the Madras Port Trust Act.

Resolved also that this subject be brought up again for consideration at the end of two years from the date the proposed addition to sub-clause (i) of clause 21 takes effect.

375 Read, with reference to Resolution No. 774, dated the 27th March 1931, a note by the Acting Chairman submitting the views of the Chief Inspector of Explosives in India on the proposed draft rules for the landing and shipment of dangerous petroleum and non-dangerous petroleum below 150° Fahrenheit, other than in bulk, acetone, wood naphtha and methyl alcohol at Madras Harbour, together with a re-draft of the rules prepared in accordance with the views of the Chief Inspector of Explosives. The Acting Chairman stated that compounds of petroleum which are classed as dangerous petroleum have also been legislated for in the rules as re-drafted.

Resolved that the re-draft of the rules now submitted by the Acting Chairman be approved in supersession of all previous rules made by the Board on the subject.

376. Read, with reference to Resolutions Nos. 277 and 320, dated respectively the 14th August and the 11th September 1931, the following recommendations of the Standing Committee on the subject of the recognition by the Board of the Madras Port Trust Workers' Union and the amendment of the Trust's Provident Fund Rules with reference to Memorandum from Government No. 36853 Mar.-5/29, dated the 13th February 1931/4th March 1931 :—

(a) That the Madras Port Trust Workers' Union be recognized by the Trust subject to the Union agreeing to the conditions for recognition proposed by the Acting Chairman in his note, dated the 5th September 1931.

(b) That, as regards the amendment of the Trust's Provident Fund Rules,

(i) the existing set of rules be retained with slight amendments to legalise present practice and to bring them into conformity with the Government Provident Fund Rules on certain points—the chief of the latter class of amendments being to allow subscribers to subscribe at their option an additional five per cent—the Trust's rate of contribution however remaining as at present and to modify the rule relating to appointment of nominees by subscribers,

(ii) that for new entrants to the Trust's service the present set of rules should be further amended to bring them into conformity with the Government Rules as regards subscriber's contribution, the Trust's contribution and the number of years' service necessary to entitle a subscriber to the Trust's contribution in full, and

(iii) that the present subscribers be given the option of remaining under the present rules amended as proposed in clause (i) above or transferring to the Provident Fund under the rules to be promulgated later in conformity with clause (ii) above, after the lapse of a certain time from the date of the Government Order announcing the Government rate of contribution.

Resolved that the recommendations of the Standing Committee be approved.

Resolved further that the revised draft Provident Fund Rules prepared in accordance with the Committee's recommendations in (b) (i) above be approved and be submitted to Government for sanction.

377. Read again Resolution No. 328, dated the 11th September 1931, and letter from Messrs. Richardson and Cruddas, No. 0'2007/M, dated the 2nd October 1931. Read also note thereon by the Acting Chairman.

Resolved that the order referred to placed with Messrs Richardson and Cruddas, be cancelled and that the tender given by Messrs. The South Indian Export Company, Limited, Madras, in their letter No. RB. 84,310, dated the 23rd July 1931, be accepted.

378. Resolved, with reference to the audit notes of the Assistant Director of Commercial Audit, to approve and confirm the payment of Rs. 4,830-3-1 made to Mr. S. Sivalolaiha Pillai, contractor, for Shahnehur stones of sizes supplied by him for repairing West Quay No. II the sum paid being in excess, by Rs. 938-3-1, of the approximate cost sanctioned in Resolution No. 583, dated the 9th January 1931.

378. Resolved to confirm the Acting Traffic Manager's action in having permitted Messrs. Best & Co., Limited, the lessees of Compartment "D" of the Trust's warehouse "V", to sublet to Mr. Lakshmidas Dwarkadas, an area of 1,000 square feet in that compartment for one month from 1st October 1931.

380. Resolved, on the recommendation of the Acting Chairman, to approve of the retention in service from 1st April to 31st October 1931 of Gopalamudian, mistri, Pallavaram quarries, who attained the age of 60 years on the 1st April 1931.

381. Read notes by the Acting Chairman making the following recommendations for payments of gratuities under the rules:—

Name, designation, pay and age at the time of retirement.	Length of service.	Amount of gratuity.
